

The BUE is hosting two International conferences this May, 2018. The co-events will take place from the 2nd to the 4th of May. The first event is the 2018 7th *International Conference on Software and Information Engineering* (www.icsie.org). The second is the *International Conference on Network Technology* (www.icnt.org). They will offer extensive programs of interest to academia, government and industry. They will include several distinguished keynote speakers. The conferences chair is Professor Samir Abou El-Seoud of the BUE Faculty of Informatics and Computer Science and the Honorary Chair of the Conference is Professor Ahmed Hamad, BUE President.

The objective of the conferences is to present the latest research and results of scientists (professors, doctoral students, and post-doc scientists) related to Knowledge Engineering and the latest in Networking and Communications research. All accepted and presented papers will be published in the conference proceedings, which will be submitted to Ei Compendex, Scopus Index, etc.

International Speakers at the conferences include Scientists from the Simula Research Laboratory in Norway, The College of Information Science & Technology at the University of Nebraska, Omaha, USA, and The College of Westchester & Pace University, New York, USA.
