

The British University in Egypt is always recognizing the benefits that can be derived from academic collaboration as well as student exchanges. The British University in Egypt is always pleased to develop strong academic links and relationships, and to establish ties of cooperation and personal exchange between their side and well distinguished universities.

On the 22nd of March 2023, the Faculty of Dentistry, represented by the Faculty Dean, Professor Tarek Abbas, witnessed the signing of memorandum of understanding between the British university in Egypt and the Faculty of Dentistry of King's College, represented by the Executive Dean, Professor Michael Escudier.

The Faculty of Dentistry of Kings college is the largest Dental Faculty in Europe and is rated in the top 10 in the world for dentistry. It belongs to a vibrant multi-faculty university in the centre of one of the world's great cities.

It is considered as one of the successful achievements that add to our graduates and interns and exposes them to international learning and widen their dental experiences in different dental specialties and as observers in Kings College hospitals.

STAY TUNED FOR THE UPCOMING VISIT OF THE BUE BATCH TO KCL IN APRIL 2025!

As a part of the student exchange agreement between **The British University in Egypt (BUE)** and **King's College**, the Faculty of Dentistry at BUE welcomed a group of students from King's College for an intensive academic week.

The program included attending scientific seminars and workshops, participating in surgical procedures in **the Oral and Maxillofacial Surgery Department**, and observing educational clinics in **Pediatric Dentistry**, **Fixed Prosthodontics**, and **Endodontics** at the university's Dental Hospital.

The students expressed their admiration for the scientific and technological advancements they witnessed during their experience. They also praised the high level of cooperation and professionalism demonstrated by the faculty members and staff, who made great efforts to simplify and clarify all academic and professional aspects.
