1.0 Welcome to the Study Abroad Programme

We are pleased that you have chosen to take advantage of the opportunities provided by the BUE-LSBU Study Abroad Programme. We hope you find your time studying at LSBU rewarding, satisfying and enjoyable. We encourage you to take full advantage of all the opportunities that it offers to you.

This Handbook contains important information to help your transition into your Study Abroad semester or short course as well as information about your programme of study. This will be useful to you during your stay at LSBU and so please retain this handbook for future use.

We look forward to working with you and wish you success in your studies.

2.0 Pre-departure Briefing at BUE

2.1 Academic requirements for Study Abroad students

You are expected to stay at LSBU for the duration of your Study Abroad Programme. You must also stay for any assessments that are required. You must complete the credit requirements set by BUE for successful completion of each semester/summer of study outlined by BUE within the specified time. These requirements are set out in the BUE Student Learning Agreement.

Examinations

Departments expect students to stay for any examinations at the end of the semester/summer. Please ensure that your department is aware that you are a Study Abroad student and will be expecting to take any exams as necessary.

Private study

You may seem to have a lot of spare time in your timetable. The UK academic system places an emphasis on private study, so during what you may perceive to be spare time you will be expected to be studying independently. This may be a more graduate style of learning than the type to which you are accustomed. If you require guidance on independent learning, please speak to the LSBU Study Abroad Team who can guide you to the best place to seek help.

Coursework and essay writing

Always keep a copy of your completed coursework and follow the submission requirements and deadlines as outlined in the LSBU Module Guides which you will receive at the beginning of each module and will be available via Moodle.

2.2 The student learning agreement

You are required to complete a BUE Student Learning Agreement. This sets out the requirements for study at LSBU during the Study Abroad Programme as well as completion of specific modules and credit within a set timescale as required by BUE.

2.3 The Academic Calendar

Students participating on the Study Abroad Programme are governed by the deadlines in both the LSBU Academic Calendar and BUE Academic Calendar. Copies of each calendar can be found at:

BUE [http://www.bue.edu.eg/pdfs/q&v/Student Academic Calendar 2018-2019.pdf](http://www.bue.edu.eg/pdfs/q&v/Student%20Academic%20Calendar%202018-2019.pdf)

LSBU <http://www.lsbu.ac.uk/about-us/key-dates>

2.4 Registered modules on the Study Abroad Programme at LSBU

Students are required to register for specific LSBU modules as part of the Study Abroad Programme. These are listed in the BUE Student Learning Agreement. Additionally, students may also be required to complete specific BUE modules within a set time as set out in the BUE Student Learning Agreement.

2.5 Modules to be completed at BUE to meet credit requirements and deadlines

The BUE modules that students must complete are listed in the BUE Student Learning Agreement. The arrangement for their completion, and associated deadlines, will be emailed to all students. Students are responsible to ensure that they comply with these requirements to be able to progress to the next semester and/or academic year.

2.6 BUE staff responsibilities in the Study Abroad Programme

Please check your electrical items before you plug them in. Electrical voltage in the UK is 240v and you may require an electrical transformer.

Please contact your Residence Hall Receptionist if you experience any difficulties with your accommodation. Please also inform the Study Abroad team so that we are aware and can monitor the situation.

6.0 LSBU Life

6.1 Students' Union

LSBU's Students' Union (SU) is the centre of the student social scene and home to a number of services.

The union is a hub for a range of societies that cover cultural, political and social interests. Specialist staff at the Union can also advise on any course concerns and external matters our students experience.

The SU is run for the benefit of the student body and is there to represent students from within the University. Recent LSBU graduates are voted in as student sabbatical officers to run its daily management and handle student concerns. The SU also plays a role in the university's governance, with Sabbatical Officers holding roles on our Board of Governors. Students can benefit from its services while they are at LSBU and automatically become members of the National Union of Students while they study.

6.2 Societies and sports

The SU hosts a variety of Sports Teams and activities and Societies. Further details of these can be found here: https://www.lsbsu.org/activities/societies_sportsclubs/

7.0 Regulations

7.1 Student and LSBU responsibilities

Students enrolled on a Study Abroad Programme are treated the same as full-degree seeking students. Therefore, you must abide by the Policies, Regulations, and Procedures that govern LSBU and their students. Up to date policies, regulations and procedures including, attendance and academic regulations, assessment and examinations procedures, immigration regulations, etc. can be found here: <http://www.lsbu.ac.uk/about-us/policies-regulations-procedures>

7.2 Feedback from students

We welcome feedback from students. Please contact the Study Abroad Team if you have any questions or comments. If you have any reports, comments, or photos to share please send them to studyabroad@lsbu.ac.uk

Academic departments will also ask for your feedback at the end of each module.

8.0 Course Details

8.1 Programme and module specifications

Your BUE Student Learning Agreement will detail the modules you will be required to take each semester/summer. You must complete each module to ensure you stay on track with your studies when you return to BUE. Each module has its own specification that formally records that module's aims, teaching and learning methods, assessment components and their percentage weighting.

8.2 Teaching timetable

You will have access to your timetable online after you enrol via the Student Portal (MyLSBU). It is important that you review your timetable and schedule to see that you are registered for the required credits, that there are no timetable clashes, and that you are happy with your allocated modules. Guidance on the process and the deadlines will be provided to students during the application process, pre-departure and Study Abroad Induction.

8.3 Class type terminology

The language used to describe class types may differ from what you use at your home university. Please see the quick descriptions below for some guidance on what to expect:

- Seminar: A group of students smaller than a lecture led in discussion by an academic. Your group may explore a particular subject of interest or debate a question. You may be asked to give one assessed presentation per semester to open up discussion.
- Tutorial: A small discussion group to answer questions and provide guidance.
- Lecture: A large group of students. An academic lecturer will give a presentation, which may be recorded, on a particular topic. Students are expected to take notes during the lecture, and to ask questions during the seminar. Students should note that lectures provide a basis for further independent study, which should consist of several hours per week.
- Practical/lab: Scientific and lab-based subjects use these sessions for active practical applications.

8.4 Coursework submissions

Please check with the relevant academic department for each module as necessary as different guidelines may apply for each department.

You should make sure that you submit your assignments by their due date to avoid any marks being deducted for lateness. Penalties for late submission of coursework follow the University scheme defined in Regulations governing the assessment of taught programmes.

9.0 Personal Support for Students

While you are studying at LSBU you may require additional support in student life experience, health and well-being, practical matters, and learning and career development. Please see below for more information.

9.1 Departmental student support arrangements

Your first port of call for all academic matters should be your Course Director and your individual module leaders. They will be able to give specific advice on the topics covered and point you in the direction of academic support services on campus such as essay writing and referencing support.

9.2 Student services

LSBU provides advice and support for students on a wide range of non-academic and educational needs. Their aim is to enable all students to achieve their potential while studying, by providing an approachable and reliable service that students can trust. They provide:

- Employment and career advice
- Financial advice
- ID card support
- International student advice
